DETAILED ACTION

Specification

1. The disclosure is objected to because of the following informalities: In Table 1, as amended in the Response filed on 23 November 2005, the temperature units have been omitted. In the third box from the right, on the bottom, each line should read "(30-400°C)".
2. Appropriate correction is required.

Claim Objections

3. Claim 12 is objected to because of the following informalities: In Claim 12, at four lines from the end, the listed CLE should read " $8.2 \times 10^{-6}/K$ ". Appropriate correction is required.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:
5. The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
6. Claim 11 and 15 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
 - I. Regarding Claim 11, it is unclear what is meant by the phrase "is repeatedly earned out." Should this read "is repeatedly carried out"?
 - II. Regarding Claim 15, at the end of line 1, it is unclear what is meant by the text "raito." Is it superfluous?

Response to Amendment

- III. In view of applicant's amendments and arguments, applicant traverses the section 112, first and second paragraph rejections of the Office Action mailed on 24 August 2005. Rejections are withdrawn.

Allowable Subject Matter

7. Claims 7-10 and 12 are allowed.
8. Claims 11 and 15 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
10. A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will

Art Unit: 1775

the statutory period for reply expire later than SIX MONTHS from the date of this final action.
